| <div>Actual results will vary for many reasons, including driving conditions and how you drive and maintain your vehicle. The average new vehicle gets 29 MPG and costs \$8,500 to fuel over 5 years. Cost estimates are based on 15,000 miles per year at \$ 3.30 per gallon. MPGe is miles per gasoline gallon equivalent. Vehicle emissions are a significant cause of climate change and smog.</div> <div>fueleconomy.gov</div> <div>Calculate personalized estimates and compare vehicles</div> <div></div> <div>Smartphone QR Code </div> |  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |  |
